# Accelerate Microsoft 365 Copilot adoption within your legal team to work faster, more accurately, and responsibly.

Improve AI skills within your legal department by quickly putting Microsoft 365 Copilot to work with a facilitated workshop to learn best practices, legal use cases, and prompt engineering. Empower your legal team to provide informed guidance on the corporate use of AI as it becomes further entrenched in your organization.

Learn How to Apply Copilot to Legal Work

Contract Review and Editing	Regulation Analysis	Document Comparison	Proofreading
Document Summarization	Email and Teams Meeting Summarization	PPT Material Creation	Create Your Own Use Cases

Flexible options: Full-day in-person workshop or multiple shorter remote sessions.

Apply and test knowledge within your user environment.

Practice basic, multi-step, conditional, and iterative Copilot prompts.
