# Gain access to Epiq AI Discovery Assistant™, combined with expert-led implementation and workflow strategies, at a predictable monthly cost.
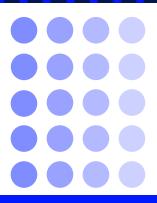

Provide your team with a comprehensive discovery solution that combines managed services with first-of-its-kind AI software that automates up to 80% of review tasks, completes reviews up to 90% faster than TAR or linear workflows, and uncovers valuable insights across your data. Apply a programmatic approach to your AI adoption with ongoing help from experts.

## Customizable Three-Year Contracts

– Two to twenty million (or more) annual document ingestion and monthly hosting.
– Unlimited prompts.
– Copy AI models from one matter to another.
– Shared or dedicated instance within the secure Epiq Service Cloud, including direct administrative capabilities with a dedicated instance.
– Chat Q&A access to as many or few users as required, with user fees calculated each month.

## Managed Services Support

– Stabilize costs with predictable monthly billing accompanied by recovery or cost allocation reporting.
– Gain business data insights through reporting and dashboards.
– Work with certified professionals to design custom workflows, and implement AI processes.
– Craft bespoke playbooks that fit your company's culture, align with surrounding processes, and are repeatable and defensible.

## Why Epiq Legal Solutions?

Experience the advantage of solutions from a partner specializing in legal and compliance.

Drive decisions with AI-enabled solutions that combine people, process, technology, and data.

## Epiq Differentiators

— Achieve up to 90% faster review.
— Edit, save, version, and reapply protocols without triggering additional fees.
— Connect verifiable facts across datasets surfacing insights.
— Adjust precision and recall thresholds for defensibility.
— Secure matter data with AI that uses private language models that do not train public models.

Automate **80**% of traditional review processes

Analyze up to **500,000** documents per hour
