

Reduce effort of internal investigations while quickly getting answers.

Equip your functional teams to make informed decisions when conducting internal investigations.

Accelerate your process and reduce costs with solutions that meet your investigations needs.

Why Epiq Legal Solutions?

Experience the advantage of solutions from a partner specialising in legal and compliance.

Drive decisions with AI-enabled solutions that combine people, process, technology, and data.

Epiq Discovery

Resolve investigative matters with efficient data collection, processing, early case assessment, and review. Use an intuitive self-serve platform that expands your internal team's eDiscovery capabilities.

Case Insights™

Gain early insights into critical facts, patterns, and key event timelines. Use AI and analytics tools to refine data and search term strategy. Estimate review effort and costs.

Regulatory Risk Insights™

Deploy AI and substantive expertise to gain real-time and critical intelligence about communications that may create legal antitrust or white collar liability. Make strategic decisions to quickly address potentially harmful situations and, when appropriate, evaluate early applications for leniency.
